

# TransformEssence™

The Perfect Blend of Science & Nature

## The Worlds Leading *Naturopathic Skin Rejuvenation*™ Cream

TransformEssence™ nourishes your skin with natural, organic ingredients as it rejuvenates and restores, producing immediate, visible, lasting results. It helps reduce lines and wrinkles, tightens and firms, improves texture, fades age spots, heals sun-damaged skin, and produces better skin tone. Reports from customers also include improvement with eczema, rosacea, scars, and stretch marks. Our customers, of various ages and skin types, have been astonished by their results. Many have seen their faces become more youthful with only a few applications. **Repeat purchase demand is very high.**

**TransformEssence™ contains over 86 ingredients**, including our secret blend of healing Chinese medicinal herbs and European botanicals; powerful antioxidants green tea and burgundy grape skin/seed/leaf extract; vitamins, minerals and amino acids; a blend of AHAs; five major nutritional oils, rose hip, avocado, almond, apricot and jojoba; along with Shea Butter, Cocoa Butter and Aloe Vera. Other major ingredients are Saccharomyces of Copper/Manganese/Zinc Ferment, Hyaluronic Acid, DMAE, and CoQ10. Our proprietary blend of 16

essential oils is excellent for healing, restoring and nurturing skin, plus has spiritually beneficial aromatherapy properties and sacred oils, such as Spikenard, Frankincense, and Myrrh.

**NO propylene glycol** or other potentially toxic ingredients.

**NO Animal Testing!** -- All oils, herbs, fruits, vegetables and flowers used are organic.

**All vitamins, minerals and amino acids are pharmacy grade from natural sources.**

**TransformEssence™** is formulated to be suitable for men, women and all skin types.

**TransformEssence™** is currently available in 2 oz. and ½ oz. sizes.

**TransformEssence™ is highly concentrated.** With correct usage, one 2-oz jar will last three months or more, making it extremely economical. The ½ oz. jar is an excellent choice for a lesser investment, or as the perfect travel size. It provides 3 weeks of daily use which is enough time to experience a real difference in ones skin.

**A Word About Preservatives:** The **effective** preservatives we use are natural such as; Aloe, Vitamins C and E, and most of all our Essential Oils. However, insurance companies do not recognize them as preservatives. Therefore we added LESS than 1/10 of a percent of parabens, which is as close to none as possible, in order to obtain insurance. We realize the new concerns regarding parabens, however most other standard preservatives are even worse. We work directly with the Safe Cosmetics Organization and Breast Cancer Awareness. We are on both organizations' Safe Cosmetics lists. We were a major supporter, lobbyist and contributor for the passing of The Safe Cosmetics Compact Law regarding disclosure and elimination of toxic ingredients in cosmetics. We were in full compliance prior to its passing. We are dedicated to creating Spiritually aligned, healthy, beneficial transformational products. We use the finest pharmaceutical grade ingredients and practice methods that respect our planets eco-system.
